31 July 2015

Principal’s Report

Welcome back to Semester 2 and the downhill ride till the end of the year. However, don’t be fooled by the tail end as there are some tricky and steep hills that require quite a bit of effort to conquer. On our first assembly of semester 2 I spoke to students about setting a challenge. My challenge is learning to ride a road bike using cleats (hence the reference to the bike ride at the beginning). Having not been on a bike for many years this is not the easiest thing to do and knowing I can’t just put my foot on the ground makes it that little bit harder. However, I have set myself a challenge and I’m going for it. I’ve asked the students to set their own challenge but an academic challenge as we perform better when we are challenged and don’t just cruise through school.

By now all students have discussed their academic targets (challenges) with their teachers for all subjects after reviewing their progress for semester 1. By setting targets we assist the students to take greater ownership and control of their education. It also engages them in feedback on their progress and assists them to understand what they need to do to achieve these targets.

One of education’s great researchers is Professor John Hattie. To put it simply, he has investigated the effect size of 200 000+ influences on students and ranked them to show what is the greatest influence on student learning. Anything greater than an effect size 0.4 is above average and 1.0 is enormous. The effect size of feedback is 1.13, making it the highest ranked influence on a student’s education. Therefore by sitting down with our students and looking at their progress we provide them with feedback to improve their outcomes.

Parents can also assist us with this, by sitting down with their son/daughter and discuss their progress and engage with them in the learning. In fact, parental engagement has an effect size of 0.46.

Wednesday was a very historic moment for CSC. We celebrated NAIDOC week with a special assembly and we inducted our first ever Indigenous Captains in the Junior and Senior School. Our representatives are Keinita Fairman and Xavier O’Brien-Schmidt. Their families were there to share this moment and celebrate the momentous occasion with them. A big thank you to Amy Lunney and Troy Thompson for the support and guidance they provide to our indigenous students and foreseeing the opportunity to formally recognise our Indigenous and Torres Strait families in the college.

Semester 2 we have welcomed some new staff into the CSC family: Nerida Ballinger (Head of Curriculum – School Improvement), Charlie Chou (Maths/Science), Louis Durand (English/SOSE), Alecia Perry (English/SOSE), Anne Wilson (HPE/Maths) and Ben Carter (IT Technician).

The recent parent/teacher interviews were again very successful. My conversations with parents certainly indicated a great deal of satisfaction and gratitude with the efforts of our staff in their classrooms.

We have now launched our Facebook to assist us communicating with parents and students. Please click on the following link and like the page to follow us.

https://www.facebook.com/pages/Coorparoo-Secondary-College/446451582181791

We are also chasing permission forms to allow us to display some great photos of students on our page, so please remind your son/daughter to return this ASAP. If you don’t have the form please click on the link below to get it.

Athletics carnival was in week one and congratulations to all participants. It was definitely the coldest sports carnival I have
ever attended but despite this, students were still having a great time. A big thank you to Mitch Baker and the PE team for the successful event.

On the road ahead please keep a look out for the following: Cabaret, SET Plan interviews for year 10 students, subject changes for senior students and ICAS Competitions for Maths and English (years 7 to 10).

Kristie de Brenni  
Principal  
Senior Secondary Deputy Principal’s Report

Attendance:

Full time attendance is vital for any student to stay on top of their school work but as a senior student it is essential. The College has set a target of 90% attendance for the student body for 2015 however this will rise to 95% for 2016.

Full time attendance is essential to success. Students are less likely to be able to perform at their maximum potential if they are not receiving instruction from their teachers. Vital information is missed thus ultimately affecting student confidence in their ability to achieve in that class. Please discuss with your child the importance of being on time, attending regularly being at school and being ready to work. Incomplete work in the Senior Phase of Learning will impact on students’ results and ultimately QCE success.

Parent Teacher Interviews:

Parent Teacher Interviews were conducted on Monday 26th July. This was our second for the year and a great opportunity to connect parents and students with individual class teachers to discuss specific classroom progress. The evening was a great success with energetic discussions between families and teaching staff.

Year 12:

Students have recently received a copy of the QCAA Student Connect May 2015 (given out during exam block). It is a magazine explaining important information about student options between now and the end of the year. Details are given about the QCE, Core Skills, Learning Account details and other aspects of the Senior Phase of Learning. Students should find the information relevant and interesting. Parents, ask for a look, you will feel more informed about this stage of your son or daughters final months in year 12 and the options for post school.

QTAC Books have arrived and have been distributed to students. Students are currently undertaking their one on one interview with Ms Round to discuss their post school options. QTAC selections should be finalised by the stipulated times. Creative Industry related studies, tend to have an earlier deadline date than other tertiary institutions. So if you are interested, be proactive and look up the deadline date or check with Ms Round. For others, the 30th September is the due date for on line applications. Applications may be made later in the year but will result in a higher application fee. This is all outlined in the QTAC booklet.

Extra School Core Skills Sessions:

QCS Skill development sessions are being held each lunch time and on Tuesday and Thursday afternoons after school to assist students with their confidence in completing the QCS. These sessions will be conducted by Mrs Tumini and held in the Staff Common Room. Students will work through sample questions, develop strategies for coping and openly discuss concerns in a small and supportive environment. A different topic will run each week, on Tuesday afternoons, until the Core Skills Testing Days.

Deputy Principal Awards:

Based on Semester 1 reports, students with a very good or above for their effort and behaviour in all subjects were awarded a Deputy Principal’s Award. During the week of the 20th July on Year Level Assemblies, the recipients from the Senior Secondary School were presented with certificates and had their photograph taken as a group. These photographs now adorn Mrs Tumini’s notice board in her office which she is calling her brag board. The photographs are attached for parent perusal.

The students who received Semester 1 awards are listed below. A special congratulation to this semesters award winners. Every student is capable of achieving this award. The challenge is on!

2
Pi is an irrational number which has been calculated to 10 trillion digits (Numberworld 2011). By definition, $\pi$ is the ratio of the circumference of a circle to its diameter. $\pi$ comes up wherever circles are involved. Among other things, it is used in geometry, radio signals, probability and navigation.

$22/7$ is a fraction approximation to $\pi$. Its use was recorded in the Rhind Papyrus from Ancient Egypt where $3.1$ (or $22/7$) was used to calculate the volume of a cylindrical grain silo.

We celebrated Pi Day on 22nd July ($22/7$). Cards showing the digits for $\pi$ to 40 decimal places were hidden in the grounds. These could be cashed in for gummy bears. There was also a competition to see who could remember the most digits for $\pi$. Winners in this competition were awarded a voucher for a “Pie-fection” pie from the Canteen.

 Winners were Madhvi Patel, Chris Binmore, Angel Quinn, and Tolkin Meyers. These students could all recite $\pi$ to more than 40 decimal places. Amazing!!

The STEM group ended the day with an engineering challenge to see who could build the highest tower able to support a 50g mass for 2 minutes, listening to some pi trivia, and, of course, by eating pie.

Ms Harrison

National Science Week 15-23 August 2015

During National Science week many events such as school science fairs, guest speaker seminars and research institute open days occur and collectively make up one of Australia’s largest festivals. The STEM group at Coorparoo Secondary College has organised a week of lunchtime events including building a solar cooker, trivia competition and for all students at the college to experience. On Wednesday 19 August 2015 neighbouring primary schools will visit to participate in a Forensics Workshop where they will solve a crime.

This is a great time for you to attend an event, visit the museum, science centre and planetarium and even join a Science week committee to assist in organising and coordinating in Science Week events. For any further information on Science Week visit: http://www.scienceweek.net.au/get-involved/

Melissa Roussos
Head of Department Mathematics and Science

Sports Wrap

The start of term 3 has been busy once again for sport, with the annual college athletics carnival being held on Friday 17th July. The day would have to go down as one of the coldest carnivals in history, however this did not stop the students participating in all events. The carnival was a first for 12 year olds competing at high school so we were a little unsure of how we would fit everything in. With the support of staff running all of the events, we managed to fit the day in and finished off with a tug-of-war competition. Apollo house had many competitors in each race and event and this proved to be the difference with them taking out the overall champion house and making it a three-peat of all the major carnivals this year. Congratulations to all students who participated on the day and below are a list of age champions and the overall points for each house.

District athletics will be held in the first week of August with the 12 years Lyton District Trials being held on Thursday 6th and Friday 7th at Villanova Park. Students who have qualified can check the sports notice board and will be required to collect and return a permission note in order to attend. The South District trials for 13-18 year olds will be held on Monday 3rd and Thursday 6th August at the Qld Sport and Athletic Centre. These trials are a little different this year in that we are competing against 13 other schools which means due to our size we need to share one lane with Whites Hill State College for track events. We have compared the two schools results and the students who have qualified will be listed on the sports notice board and students will be required to collect and return a permission note to attend.

Interschool Sport is a few weeks away from wrapping up for 2015. Currently we have teams competing in Basketball, Soccer and Netball. If any of these teams finish on top of our Tier 2 competition they will go on to play one of the schools from Tier 1. These finals will wrap up in mid-August.

Mitch Baker
Sports Coordinator

Student Representative Council Update

UPCOMING SRC EVENTS & ACTIVITIES

The SRC BBQ and Crazy Hair Fundraiser held on Friday 1st July were a great success. Thank you to everyone who supported these ventures and a special thank you to the following SRC student representatives and College staff who tirelessly assisted with running both events on the day:

- Mikayla Eddington
- Jack Flanneman
- Archibald Sharma
- Kyle Wilkins
- Lena Dow
- Marion Carmello
- Savannah Atkinson
- Sarah Round
- Helen Dunley

Next on the SRC Calendar is Jeans for Genes Day on Friday 7th August. For a gold coin donation, students are permitted to wear denim jeans and/or a denim jacket with their College uniform shirt. All proceeds raised go towards supporting genetic research.

Also in Term 3 is Fresh Food Friday on 4th September, a campaign designed to raise awareness of the importance of positive body image and self-esteem. The SRC will host positive lunchtime activities, alongside selling pizza slices and cupcakes to raise funds for student identified College improvements.

Please come along and support the SRC in their 2015 awareness and fundraising initiatives!

Sharon O’Neill
SRC Teacher Advisor

Junior Secondary Recognition Awards

Class teachers would like to recognise the following Junior Secondary students as demonstrating positive college attributes during Term 2, 2015. These students have demonstrated; a positive work ethic, make valuable contributions to the learning environment and/or achieved well on recent assessment tasks.

Year 7

- Tim Round - English & Humanities and Social Sciences
- Nakisha Prakash - English & Humanities and Social Sciences
- Noah Llewellyn - English & Humanities and Social Sciences and Home Economics
- Kalani Head - English & Humanities and Social Sciences and Home Economics
- Claire Gladman - English & Humanities and Social Sciences
- Anika Comber - English & Humanities and Social Sciences
- Isabelle Breen - Math
- Isabelle Sim - Math
- Una Smajic - Math
- Mikayla Eddington – Math
- Malach Honnibal – Math
- Amy Blundell – Math
- Ben Trautmann – Math
- Liliana Barrera – Math
- Genevive Kinchin – Math
- Jackson Brown - Respect and Compassion in the playground

Year 8

- Gemma De Haan - Science and Home Economics
- Jemma Manning - Science, Home Economics and Dance and Drama
- Macy McRae - Home Economics and Dance and Drama
- Charlotte Bowder - Home Economics
- Jaydee Forbes - Dance, Drama and Humanities and Social Sciences
- Brydee McCormick - Dance and Drama
- Keeley Smith - Dance and Drama

Mitch Baker
Sports Coordinator
Year 9

Maione Carmelo – Science, Math and Music
Frederico Erodiani - Science & Math
Sara Hetherington - Science & Math
Page Dullemon – Math
Xavier Obrien-Schmidt – Drama
Oscar Delany – Drama
Romain Cartiller – Drama
Angard Singh – Drama
Tolkin Meyers - Manual Arts
Lena Do - Math and Manual Arts
Hunter Evens – Math
Vincent Cabais-Rowe - Home Economics
Tai Gross - Home Economics
Tristan Pang - Home Economics and Music
Harrison Krebs – Music
Mercy Fitzpatrick – Music
Natasha Prakash – Music
Cherry Xu – Music
Jasmine Miller-Hicks – Music

Congratulations to all of the listed students. Keep up the good work!

Ashleigh Thomson
Junior Secondary Coordinator

Dance Eisteddfod

On Friday 22nd May, the Dance Eisteddfod Team competed in the Brisbane Dance Eisteddfod held at St. Laurence’s College, South Brisbane. The students spent many weeks preparing for this competition, rehearsing after school and during lunch breaks. On the day of the competition, the students, accompanied by Miss Korn and Ms Jackson, arrived at the venue at 10am and finished up in the evening at 10pm. Despite the long day, the students were wonderful ambassadors for the College and did themselves, their school and their families proud. CSC entered three dance items in the Eisteddfod: Contemporary, Musical Theatre and Hip Hop. The sections were very large with over 30 schools competing in some sections; and some schools had groups of up to 50 students on stage. The students performed very well and whilst we didn’t take out any prizes, we did achieve some very high scores and positive comments, with the adjudicator even commenting that ours was her favourite Hip Hop routine! Congratulations to all of the Dance Eisteddfod Team students!

On Sunday 26th July, the Polynesian Dance Troupe competed in the Brisbane round of the Danceline Unite competition. This is a national competition judged by the famous Kelly Abbey, of Happy Feet and So You Think You Can Dance Australia fame. The students choreographed the routine themselves and worked very hard during break times to achieve a polished performance that was captivating to watch. The audience and judges thoroughly enjoyed the performance. The group received 83 out of 100, a Highly Commended prize and an invitation to nationals. Congratulations to the Polynesian Troupe!

P&C News

We are all back into the swing of things for a new term. We are still looking for a Treasurer to assist the Executive with their financial duties. Please call me if you are interested - 0419 279 370.

Have you bought your tickets for Music Cabaret 2015? They are still available - www.trybooking.com/SYO. Don’t miss out!

We are looking for some fundraising help, students in uniform to assist us selling raffle tickets outside Woolworths Coorparoo on Saturday 2 August 2015, 9am to 12pm. Call me if you can help - 0419 279 370.

Volunteers would also be appreciated to help with setting up and packing away for the night of Cabaret - 15 August 2015, please call Kerri Phillips Smith - 0431 180 932.
Tricky Teens

Book Review – Tricky Teens by Andrew Fuller

“There may be moments when you feel like you are a hostage. You may feel like your life has been kidnapped by a dramatist with erratic mood swings, unpredictable demands and a temper that would match Genghis Khan on one of his more tetchy days. Of course you love them. Of course you want the best for them. Of course you want them to be happy. None of this means that you have to sacrifice your life to become a quivering shadow of your former self.” (expert page 3)

This book offers parents of teenagers with information on issues that face teenagers today. The main section of the book looks at 22 issues facing you people from anxiety and worry busting to zits and Zombies. Other issues covered include arguments, motivation, self-harm, sexuality and romance as well as communication.

The last section of the book has the outlines of around twelve conversations that Andrew describes as Essential Conversations. This aspect of the book highlights how to discuss with your teenager important issues that assist them becoming more independent. Topics include the Integrity and reputation, Importance of honesty, Forgiveness and Sincerity - or why apologies matter.

Andrew Fuller is a clinical psychologist who has worked with many schools and communities in Australia and internationally. He specialises in the wellbeing of young people and their families.

Andrew’s other books include: “Tricky Kids”, “Guerrilla Tactics for Teachers” and “Raising Real People”.

Thanks Sarah Round – Guidance Officer

QTAC Appointments & Uni Open Days

The year 12 students are currently having appointments to discuss their plans for after they complete year 12. These appointments enable them to give information about skills, strengths and interests as well as information of what they are seeking after school. These appointments should be complete at the end of next week.

Students have advice on applying for QTAC and can arrange appointments with me to complete this with assistance if needed. Applications for QTAC open on Tuesday 4th August 2015 and on time applications for QTAC close on Tuesday 29th September 2015. After this date there is financial penalty for late applications.

Last weekend the Australian Catholic University at Banyo, Queensland University of Technology and Griffith University – Gold Coast campus held their open days. Other open days are coming up and some information is below.

University of Queensland

St Lucia - Sunday 2 August 2015, 9am to 3pm

Katton - Sunday 16 August 2015, 9.30pm to 2:30pm

www.youruq.com/openday

University of Southern Queensland Open Day

Griffith University

Nathan and South Bank Sunday 9 August 2015

www.griffith.edu.au/open-day

University of Southern Queensland

Springfield - Sunday 23 August 2015, 10am to 2pm

Ipswich - Sunday 9 August 2015, 10am to 1pm

www.usq.edu.au/study/open-day

Thanks Sarah Round – Guidance Officer

From Helen the School Nurse

Parents/carers please encourage your young person to get on and participate in the Mission Australia Youth Survey and have their say about what is important to them...
Mission Australia is currently undertaking its fourteenth annual Youth Survey. The survey is the largest of its kind in Australia and aims to identify both the values and issues of concern to young people.

In 2015, the survey is focussed on issues of social inclusion/exclusion from the perspective of young people, including participation in education and employment, family and social support, values and concerns, sources of support, and community participation.

The information gathered will be used to produce a report that is distributed widely each year. Results assist with the development of programs and services that meet the needs of young people, are a key resource for policy makers in the youth space, and are a valuable resource for young people, their families and those who support them, including schools and communities.

How you can help
The survey is open to young people aged 15 to 19 years until Friday 31st July 2015. Young people can be encouraged to participate by:

- Accessing the survey online at www.missionaustralia.com.au/youthsurvey
- Distributing the survey through all your relevant networks - clients, staff, family members, schools, youth groups etc.
- Spreading the word by sharing Twitter (@MissionAust) or Facebook (www.Facebook.com/MissionAust) pages.

Results from the Youth Survey will be analysed and published later this year. Previous years’ reports can be found at www.missionaustralia.com.au/youthsurvey

For more information contact Mission Australia’s Research and Social Policy Unit at youthsurvey@missionaustralia.com.au

Also... In early August we will be celebrating Dental Health Week here at Coorparoo Secondary College. Staff from Yeronga Dental clinic will be here helping Helen the Nurse run some lunchtime activities for students. Students will have the opportunity to get some dental health information to take home, win some prizes, and also be able to put some plaque disclosing gel on their teeth and then get to see the plaque on their teeth under some Ultraviolet lights...interesting stuff! Please encourage your young people to participate in this fun activity.

Take care
Helen

2015 Early School Leavers Survey
The Queensland Government is conducting its annual statewide survey of students who left school in Years 10, 11 and prior to completing Year 12 during 2014. The Early School Leavers survey is a short, confidential survey that collects information about what young people are doing the year after leaving school. The information from the survey helps our schools to understand the pathways young people follow after leaving school and to plan services to support transitions into study or employment for our students.

Between July and August, our students who left school in Years 10, 11 and prior to completing Year 12 last year can expect to receive an invitation to complete a web-based survey or a telephone call from the Queensland Government Statistician’s Office to complete the survey. Please encourage early school leavers to take part.

For more information, visit www.education.qld.gov.au/nextstep/ or telephone toll free on 1800 068 587.

QUT – Robotronica
QUT is hosting a FREE robotics and technology spectacular on Sunday 23 August at the Science and Engineering Centre – QUT Gardens point campus.

http://www.robotronica.qut.edu.au/

Free Dental Treatment
The School Dental Service provides free dental treatment to all school students up to Yr 10.

As well as to those 0-4yr olds, and Yr 11 &12 students who hold a Health Care Card or receive the Child Dental Benefits Scheme.

Call 1300 300 850 to book an appointment at a clinic near you.

AVCAT Scholarships & Bursaries

The Australian Veterans’ Children Assistance Trust (AVCAT) is a not-for-profit organisation. AVCAT administers bursaries and scholarships to help children, and in some cases grandchildren, of Australian veterans with the costs of full-time education. The most deserving candidates are provided with financial assistance to facilitate their tertiary studies.

The Long (for long service) Bursary is specifically available for the children of Vietnam veterans. Other sponsored scholarships available include those made available due to the generosity of various ex-service organisations and private donors.

If you would like to find out more then please contact us:

P: 02 9213 7999 E: avcat@dvaa.gov.au W: www.avcat.org.au

APPLICATIONS OPEN 18TH AUGUST
Free Community Event – Water Polo

Water Polo Queensland invites all budding and aspiring Water Polo players to attend its 2015 Come ‘N’ Try Open Day. Join us at the Centenary Aquatic Centre (Gregory Tce, Spring Hill) on August 2 from 1:00pm – 3:00pm, for some fun Water Polo activities, skills and drills.

The event will be a great opportunity to meet local Brisbane Clubs, make new friends and learn some new skills. All stations are run by Water Polo Queensland staff, accredited coaches and volunteers.

Feel free to turn up on the day, otherwise register your interest with Water Polo Queensland via Survey Monkey here: https://www.surveymonkey.com/r/QWVTZLW

There will be cool giveaways on the day with a free BBQ in the afternoon.

EVENT DETAILS

Date: August 2nd 2015
Location: Centenary Aquatic Centre – 400 Gregory Terrace, Spring Hill
Time: 1:00pm – 3:00pm

ALL AGES WELCOME

For any further questions please don’t hesitate to contact events@waterpoloqld.com.au

Open Day – Faith Works Uniting

Open Day at Faith Works Uniting Community @ Norman Park 10am – 4pm Saturday, 8th August

Norman Park Uniting Church at 177 Bennetts Road, Norman Park has been renovated and extended and is now open for community use. Come and have a look inside and try out our new playground. There will be free face painting, jumping castle, sausage sizzle, tea and coffee. The Sudanese choir will be singing as well as other free entertainment. For more information ring Rev Linda Hanson on 07 3397 1605 or email her at minister@faithworks-uc.com.au or look on our website www.faitlworks-uc.com.au
