

Coorparoo Secondary College

Student Code of Conduct 2022-2025

Every student succeeding

Every student succeeding is the shared vision of Queensland state schools. Our vision shapes regional and school planning to ensure every student receives the support needed to belong to the school community, engage purposefully in learning and experience academic success.

School Captains' Statement

On behalf of the student body at Coorparoo Secondary College, we endorse the Student Code of Conduct for 2022. We have represented students on the consultation committee, provided feedback on draft materials and put forward the views of young people on a range of issues affecting their lives at school.

Any student who has questions or issues they would like raised by the School Captains are first encouraged to talk with their class representative, however you are also invited to approach any of us directly.

Senior School Captain:

Date: 9/3/22

Senior School Captain:

Bridget Kenny

Date: 9/3/2022

Learning and Behaviour Statement

Coorparoo Secondary College caters to a diverse range of learners from a diverse range of backgrounds. As a priority, the College has developed a range of highly inclusive practices to address this need. We encourage any student or parents/caregivers to make an appointment with the principal to discuss the model of behaviour support and discipline used at this school.

As a College we pride ourselves on getting to know our students and their individual circumstances and we actively seek the opportunity for inclusion.

Restorative Practices is a teaching and learning approach that promotes self-regulation and encourages behaviour that is supportive and respectful. It puts the onus on individuals to be truly accountable for their behaviour and to repair any harm caused to others as a result of their actions.

When schools are restorative they:

- value quality relationships
- model empathy and respectful relationships
- value student voice and utilise collaborative problem solving
- view inappropriate behaviours as opportunities for learning
- apply procedural fairness
- recognise the importance of repairing damaged relationships
- separate the deed from the doer
- using active listening and positive language and tone
- avoid scolding judging lecturing or blaming
- foster self-awareness in the student
- implement consequences that are proportional and fair
- remain future focussed

The key elements that underpin restorative practice:

- honesty and sincerity
- positive regard for individuals
- empathy
- individual responsibility
- shared accountability
- an optimistic view of personal growth and change.

aspects of restorative practice/expectations. The types of interventions offered at this level will vary according to the needs of the student(s). One key practice aligned to restorative practices is Social Emotional Learning

SOCIAL EMOTIONAL LEARNING

- recognising and managing emotions
- recognising and managing behaviours
- developing care and concern for others
- establishing positive relationships
- handling challenging situations

Conflict resolution:

- Teaching students how to manage conflict, defuse situations, repair hurt feelings and reduce the likelihood of retaliation after conflict.
- Peer mediation

There is a clear connection between the skills taught in the interventions and the school-wide expectations of I am safe, I am responsible and I am respectful.

Level 3 Individualised services for few students (2-5%) who require the most intensive support a school can provide. These are usually delivered in very small groups or on an individual basis.

The Red Zone **Level 3** supports continue to build on the lessons and supports provided at Levels 1 and 2, becoming more individualised.

Level 3 supports exist along a continuum. Many students can benefit from a simple (or brief) Functional Behaviour Assessment (FBA) that identifies unique strategies to help the student achieve success. A smaller percentage of students may require a more comprehensive FBA that includes a more thorough process for data collection, teaming, and problem solving. A much smaller percentage of students may need an intensive FBA and wraparound plan that includes personnel from outside agencies and rigorous problem solving procedures.

From Smith, Fisher, Frey (2018):

- We want our students to be able to draw on internal compass that helps them make sound decisions.
- A self-regulating child will suppress impulsive behaviours, delay gratification and think about alternatives to and consequences for his or her actions whether or not an adult nearby.
- In order for students to develop self-regulation skills they need choices.
- Clear and consistent rules and expectations are vital, we also recognise that rules are mutually held agreements and that their success depends on each individual's ability to abide by them.

Coorparoo Secondary College offers a range of programs and services to support the wellbeing of students in our school. We encourage parents and students to speak with a member of staff or make an appointment to meet with the guidance officer if they would like individual advice about accessing particular services.

Policy and expectations

Within a school community there are specific health and wellbeing issues that will need to be addressed for the whole school, specific students, or in certain circumstances.

Drug education and intervention

Coorparoo Secondary College implements drug intervention measures for students involved in drug-related incidents at school, during school activities or while in school uniform. This is managed to protect the health and safety of the student/s involved, other students, school staff and the wider community.

Specialised health needs

Coorparoo Secondary College works closely with parents to ensure students with specialised health needs, including those requiring specialised health procedures, have access to a reasonable standard of support for their health needs whilst attending school or school-based activities.

This means that appropriate health plans are developed and followed for students with specialised health needs, that staff are aware of the student's medical condition and that an appropriate number of staff have been trained to support the student's health condition.

Medications

Coorparoo Secondary College requires parent consent and medical authorisation to administer any medication (including over-the-counter medications) to students. For students requiring medication to be administered during school hours, the College can provide further information and relevant forms.

Role	What they do
Community Education Counsellor	<ul style="list-style-type: none"> • provides educational counselling and support services to Aboriginal and/or Torres Strait Islander students and communities.
Community Elder	<ul style="list-style-type: none"> • provides support and advice for students, staff and parents in order to enhance the educational experience for Indigenous and non-Indigenous students.
Guidance Officer	<ul style="list-style-type: none"> • provides a comprehensive student support program within the school environment offering counselling with students on a one-on-one basis or in a group setting • assists students with specific difficulties, acting as a mediator or providing information on other life skills • liaises with parents, teachers, or other external health providers as needed as part of the counselling process.
School-Based Youth Health Nurse	<ul style="list-style-type: none"> • provides individual health consultations with assessment, support, health information and referral options related to: <ul style="list-style-type: none"> ○ healthy eating and exercise ○ relationships ○ personal and family problems ○ sexual health ○ smoking, alcohol and other drugs.
Regional Registered Nurse	<ul style="list-style-type: none"> • works with school staff to build their competence and confidence to safely manage procedures and interventions required by students with specialised health needs • provides assessment, health management planning, training and ongoing support and supervision for students with specialised health needs.
Year Level Coordinators	<ul style="list-style-type: none"> • responsible for student welfare at each year level • provides continuity of contact for students and their families through the six years of schooling • ensures students feel safe and comfortable and want to come to school • nurtures a sense of belonging to the home group, year level and school.
Youth Support Coordinator – dependant on regional funding and complex case.	<ul style="list-style-type: none"> • provides individual and, at times, group support to students to assist their engagement with education and training • support students to overcome barriers to education such as <ul style="list-style-type: none"> ○ attendance at school ○ drug and alcohol support needs ○ QCE/learning support ○ suspension/exclusion/referral for behaviour support ○ relationships/social skills ○ conflict with family/peers/teachers ○ social/emotional/physical wellbeing.

It is also important for students and parents to understand there are regional and statewide support services also available to supplement the school network. These include Principal Advisor Student Protection, Mental Health Coach, Autism Coach, Inclusion Coach, Success Coach, Advisory Visiting Teachers and Senior Guidance Officers.

Expectations

Responsibility of student to:

- follow the expectations of I am safe, I am responsible and I am respectful
- attend school on every school day for the educational program in which they are enrolled, on time, ready to learn and take part in school activities
- act at all times with respect and show tolerance towards other students and staff
- work hard and comply with requests or directions of College staff
- respect the right of your peers to learn and your teachers to teach
- abide by College rules/expectations as outlined in the Student Code of Conduct
- meet homework and assessment requirements
- wear the College uniform and abide by the CSC Student Dress Code and Procedures
- respect the school property

Responsibility of parents/carers to:

- to support the expectations of I am safe, I am responsible and I am respectful
- ensure your student attends school on every school day for the educational program/support in which they are enrolled
- advise the College as soon as possible if your student is unable to attend the College and reason/s why (e.g. student is sick)
- attend meetings for parents/carers
- inform the College any circumstances (social, physical, emotional or mental health related) that may affect your student's ability to learn and/or to meet attendance requirements
- ensure your student completes homework regularly in keeping with the College's homework policy
- treat all school staff with respect
- support the authority of College staff thereby supporting their efforts to educate your student and assist your student to achieve maturity, self-discipline and self-control
- not allow your student to bring dangerous, inappropriate or prohibited items to the College
- abide by school's instructions regarding access to College grounds before, during and after College hours
- advise principal if your student is in out-of-home care
- keep College informed of any changes to your contact details or your student's details, such as home address, email address and phone number
- ensure the College is aware of any changes to your student's medical details.

Responsibility of school staff to:

- explicitly teach and role model the expectations of I am safe, I am responsible and I am respectful
- design and implement engaging and flexible learning experiences for individuals and groups of students
- inform parents and carers regularly about how their student is progressing
- design and implement intellectually challenging learning experiences which develop language, literacy and numeracy
- create and maintain safe and supportive learning environments
- support personal development and participation in society for students
- foster positive and productive relationships with families and the community
- inform students, parents and carers about what the teachers aim to teach the students each term
- teach effectively and to set high standards in work and behaviour
- clearly articulate the school's expectations regarding the Student Code of Conduct and the Student Dress Code policy
- ensure that parents and carers are aware that the school does not have personal accident insurance cover for students
- advise parents and carers of extra-curricular activities operating at the school in which their student may become involved (for example Program of Chaplaincy Services, sports programs)

Focused teaching involves revisiting key behavioural concepts and/or skills and using explicit and structured teaching strategies in particular aspects of a behaviour skill. Focused teaching provides students with more opportunities to practise skills and multiple opportunities to achieve the intended learning and expected behaviour.

Support staff, including teachers with specialist expertise in learning, language or development, work collaboratively with class teachers at Coorparoo Secondary College to provide focused teaching. Focused teaching is aligned to the Learning Zones, and student progress is monitored by the classroom teacher/s to identify those who:

- no longer require the additional support
- require ongoing focussed teaching
- require intensive teaching.

Coorparoo Secondary College has a range of Student Support Network staff in place to help arrange and deliver focused teaching to students who need more support to meet expectations. In addition, the school invests in the following evidence-informed programs to address specific skill development for some students:

For more information about these programs, please speak with the Guidance Officer, Ms Carolyn Pagliano.

Intensive Teaching

Research evidence shows that even in an effective, well-functioning school there will always be approximately 5% of the student population who require intensive teaching to achieve behavioural expectations. Intensive teaching involves frequent and explicit instruction, with individuals or in small groups, to develop mastery of basic behavioural concepts, skills and knowledge.

Some students may require intensive teaching for a short period, for particular behaviour skills. Other students may require intensive teaching for a more prolonged period. Decisions about the approach will be made based on data collected from their teacher or teachers, and following consultation with the student's family.

For a small number of students who continue to display behaviours that are deemed complex and challenging, then individualised, function-based behaviour assessment and support plans and multi-agency collaboration may be provided to support the student. This approach will seek to address the acute impact of barriers to learning and participation faced by students who are negotiating a number of complex personal issues.

Students who require intensive teaching will be assigned an individual mentor at the school that will oversee the coordination of their program, communicate with stakeholders and directly consult with the student.

Disciplinary Consequences

The disciplinary consequences model used at Coorparoo Secondary College follows the same differentiated approach used in the proactive teaching and support of student behavioural expectations.

The majority of students will be confident and capable of meeting established expectations that are clear, explicitly taught and practised. In-class corrective feedback, sanctions and rule reminders may be used by teachers to respond to low-level or minor problem behaviours.

Some students will need additional support, time and opportunities to practise expected behaviours. Approximately 15% of the student population may experience difficulty with meeting the stated expectations, and even with focussed teaching, in-class corrective feedback, sanctions and rule reminders continue to display low-level problem behaviour. A continued pattern of low-level behaviour can interfere with teaching and learning for the whole class, and a decision may be needed by the class teacher to refer the student to the school administration team immediately for determination of a disciplinary consequence.

For a small number of students, approximately 2-5%, a high level of differentiated support or intensive teaching is required to enable them to meet the behavioural expectations. This may be needed throughout the school year on a continuous basis. The determination of the need will be made by the principal in consultation with staff and other relevant stakeholders. On occasion the behaviour of a student may be so serious, such as causing harm to other students or to staff, that the principal may determine that an out of school suspension or exclusion is necessary as a consequence for the student's behaviour. Usually this course of action is only taken when the behaviour is either so serious as to warrant immediate removal of the student for the safety of others, and no other alternative discipline strategy is considered sufficient to deal with the problem behaviour.

The differentiated responses to problem behaviour can be organised into three levels, with increasing intensity of support and consequences to address behaviour that endangers others or causes major, ongoing interference with class or school operations.

Differentiated

Class teacher provides in-class or in-school disciplinary responses to low-level or minor problem behaviour. This may include but are not limited to:

- Pre-correction (e.g. "Remember, walk quietly to your seat")
- Non-verbal and visual cues (e.g. posters, hand gestures)
- Whole class practising of routines
- Ratio of 5 positive to 1 negative commentary or feedback to class
- Corrective feedback (e.g. "Hand up when you want to ask a question")
- Rule reminders (e.g. "When the bell goes, stay seated until I dismiss you")
- Explicit behavioural instructions (e.g. "Pick up your pencil")
- Proximity control
- Tactical ignoring of inappropriate behaviour (not student)
- Revised seating plan and relocation of student/s
- Individual positive reinforcement for appropriate behaviour
- Class wide incentives

- Suspension pending exclusion (student is suspended from school pending a decision by the Director-General or delegate (principal) about their exclusion from school)
- Exclusion (student is excluded from a particular state school site, a group of state schools or all state schools in Queensland for a defined period of time or permanently)
- Cancellation of enrolment for students older than compulsory school age who refuse to participate in the educational program provided at the school.

School Disciplinary Absences

A School Disciplinary Absence (SDA) is an enforced period of absence from attending a Queensland state school, applied by the Principal as a consequence to address poor student behaviour. There are four types of SDA:

- Short suspension (1 to 10 school days)
- Long suspension (11 to 20 school days)
- Charge-related suspension
- Exclusion (period of not more than one year or permanently).

At Coorparoo Secondary College, the use of any SDA is considered a very serious decision. It is typically only used by the Principal when other options have been exhausted or the student's behaviour is so dangerous that continued attendance at the school is considered a risk to the safety or wellbeing of the school community.

Parents and students may appeal a long suspension, charge-related suspension or exclusion decision. A review will be conducted by the Director-General or their delegate, and a decision made within 40 school days to confirm, amend/vary or set aside the original SDA decision by the Principal.

The appeal process is a thorough review of all documentation associated with the SDA decision and provides an opportunity for both the school and the family to present their case in the matter. Time is afforded for collection, dissemination and response to the materials by both the school and the family. It is important that the purpose of the appeal is understood so that expectations are clear, and appropriate supports are in place to ensure students can continue to access their education while completing their SDA.

Re-entry following suspension

Students who are suspended from Coorparoo Secondary College may be invited to attend a re-entry meeting on the day of their scheduled return to school. The main purpose of this meeting is to welcome the student, with their parent/s, back to the school. It is **not a time** to review the student's behaviour or the decision to suspend, the student has already received a punishment through their disciplinary absence from school. The aim of the re-entry meeting is for school staff to set the student up for future success and strengthen home-school communication.

It is not mandatory for the student or their parents to attend a re-entry meeting. It may be offered as a support for the student to assist in their successful re-engagement in school following suspension.

School Policies

Coorparoo Secondary College has tailored school discipline policies designed to ensure students, staff and visitors work cooperatively to create and maintain a supportive and safe learning environment. Please ensure that you familiarise yourself with the responsibilities for students, staff and visitors outlined in the following policies:

- Temporary removal of student property
- Use of mobile phones and other devices by students
- Preventing and responding to bullying
- Appropriate use of social media

Temporary removal of student property

The removal of any property in a student's possession may be necessary to promote the caring, safe and supportive learning environment of the school, to maintain and foster mutual respect between all state school staff and students. The **Temporary removal of student property by school staff procedure** outlines the processes, conditions and responsibilities for state school principals and school staff when temporarily removing student property.

In determining what constitutes a reasonable time to retain student property, the principal or state school staff will consider:

- the condition, nature or value of the property
- the circumstances in which the property was removed
- the safety of the student from whom the property was removed, other students or staff members
- good management, administration and control of the school.

The Principal or state school staff determine when the temporarily removed student property can be returned, unless the property has been handed to the Queensland Police Service.

The following items are explicitly prohibited at Coorparoo Secondary College and will be removed if found in a student's possession:

- illegal items or weapons (e.g. guns, knives*, throwing stars, brass knuckles, chains)
- imitation guns or weapons
- potentially dangerous items (e.g. blades, rope)
- drugs** (including tobacco)
- alcohol
- aerosol deodorants or cans (including spray paint)
- explosives (e.g. fireworks, flares, sparklers)
- flammable solids or liquids (e.g. fire starters, mothballs, lighters)
- poisons (e.g. weed killer, insecticides)
- inappropriate or offensive material (e.g. racist literature, pornography, extremist propaganda).

Students of Coorparoo Secondary College

- do not bring property onto school grounds or other settings used by the school (e.g. camp, sporting venues) that:
 - is prohibited according to the Coorparoo Secondary College Code of Conduct
 - is illegal
 - puts the safety or wellbeing of others at risk
 - does not preserve a caring, safe, supportive or productive learning environment
 - does not maintain and foster mutual respect;
- collect their property as soon as possible when advised by the Principal or state school staff it is available for collection.

Use of mobile phones and other devices by students

Digital literacy refers to the skills needed to live, learn and work in a society where communication and access to information is dominated by digital technologies like mobile phones. However, the benefits brought about through these diverse technologies can be easily overshadowed by deliberate misuse which harms others or disrupts learning.

In consultation with the broader school community, Coorparoo Secondary College has determined that explicit teaching of responsible use of mobile phones and other devices is a critical component of digital literacy. The knowledge and confidence to navigate and use these technologies safely while developing digital literacy is a responsibility shared between parents, school staff and students.

It is also agreed that time and space is a priority at school where technology is not permitted, and students are encouraged to engage in other social learning and development activities.

Responsibilities for Students:

The responsibilities for students who use their laptop at school or during school activities, are outlined below.

It is **acceptable** for students at Coorparoo Secondary College to:

- use their laptop device under staff direction for
 - assigned class work and assignments set by teachers
 - developing appropriate literacy, communication and information skills
 - authoring text, artwork, audio and visual material for publication on the intranet or internet for educational purposes as supervised and approved by the school
 - conducting general research for school activities and projects
 - communicating or collaborating with other students, teachers, parents or experts in relation to school work
 - accessing online references such as dictionaries, encyclopaedias, etc.
 - researching and learning through the department's eLearning environment
- be courteous, considerate and respectful of others when using a mobile device

- teachers will always exercise their duty of care, but avoiding or reducing access to harmful information also requires responsible use by the student.
- **See Appendix A for additional information.**

Preventing and responding to bullying

Coorparoo Secondary College uses the Australian Student Wellbeing Framework to promote positive relationships and the wellbeing of all students, and staff at the school. This informs our curriculum in our College wide subject of Creating Tomorrow Together and in our pedagogical framework with a focus on building relationships.

Our staff know student learning is optimised when they feel connected to others and experience safe and trusting relationships. Students who feel secure are more likely to be active participants in their learning and to achieve better physical, emotional, social and educational outcomes. Teachers who feel valued and supported are more likely to engage positively with students and build stronger connections within the school community. Parents who are positively engaged with their child's education leads to improved student self-esteem, attendance and behaviour at school. Enhancing the wellbeing of students and their educators delivers overall long-term social, health and economic benefits to the Australian community.

Coorparoo Secondary College has a **Student Leadership Team**, with diverse representatives from each year level meeting regularly with the school leadership team to promote strategies to improve student wellbeing, safety and learning outcomes. The standing items on the agenda for each Student Leadership Forum are the core elements of our weekly HPT Student Self efficacy survey.

A priority for the Student Leadership Forum is contributing to the implementation of strategies that enhance wellbeing, promote safety and counter violence, bullying and abuse in all online and physical spaces. The engagement of young people in the design of technology information and digital education programs for parents was a key recommendation from the Queensland Anti-Cyberbullying Taskforce report in 2018, and at Coorparoo Secondary College we believe students should be at the forefront of advising staff, parents and the broader community about emerging issues and practical solutions suitable to different contexts.

Bullying

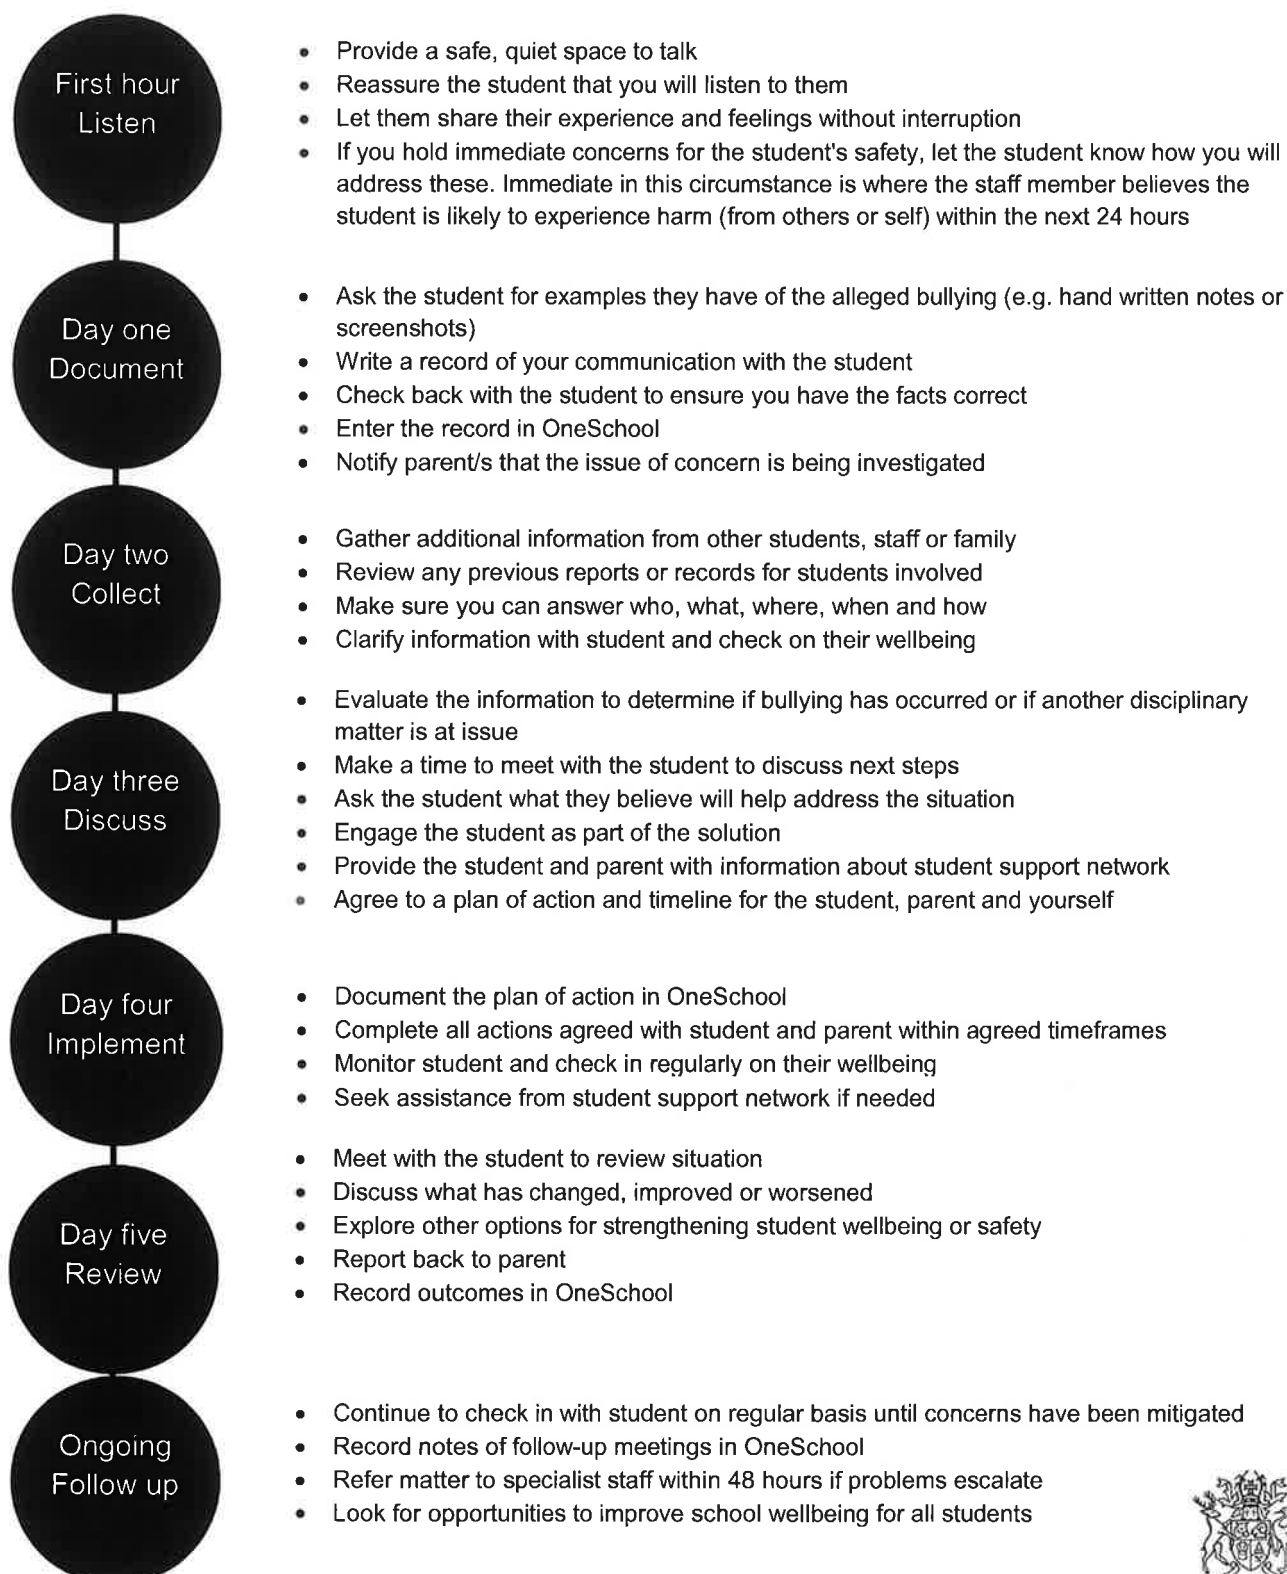

The agreed national definition for Australian schools describes bullying as

- ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm;
- involving an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening;
- happening in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records);

Coorparoo Secondary College - Bullying response flowchart for teachers

Please note these timelines may be adjusted depending on the unique circumstances and risk associated with each situation. This is at the professional judgment of the staff involved. Timeframes should be clearly discussed and agreed with student and family.

Key contacts for students and parents to report bullying:

Coorparoo Secondary College - Cyberbullying response flowchart for school staff

How to manage online incidents that impact your school

Student protection

If at any point the principal forms a reasonable suspicion that a student has been harmed or is at risk of harm, they have a responsibility to respond in accordance with the [Student protection procedure](#).

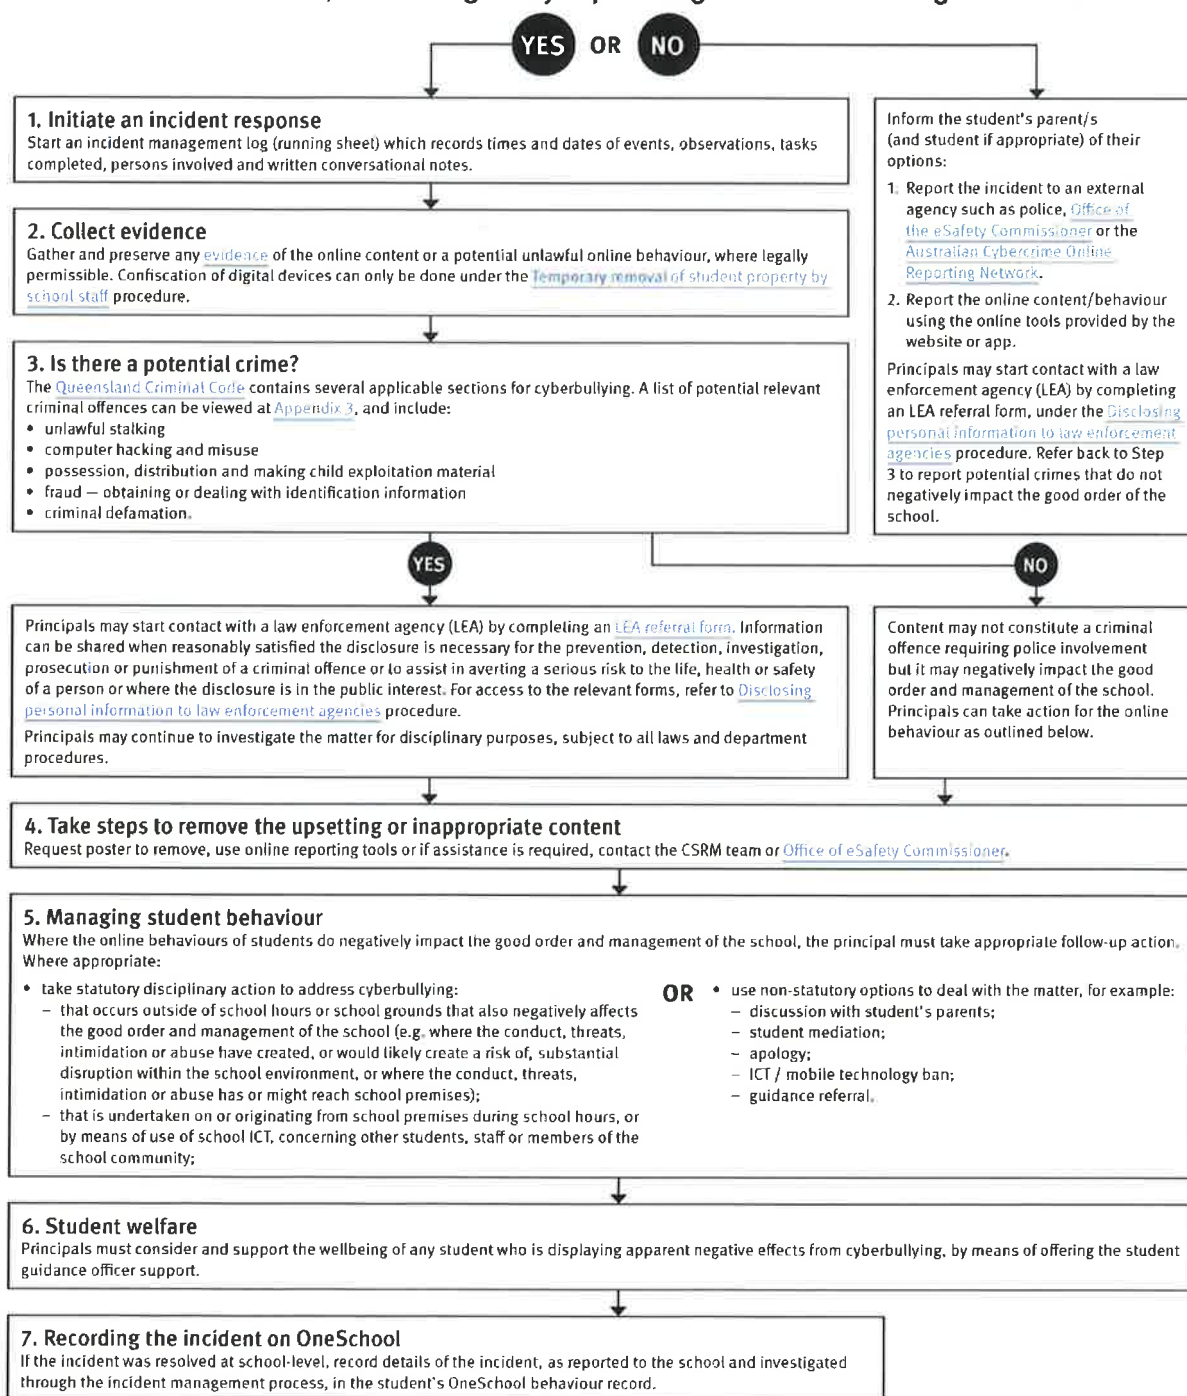

Explicit images

If the investigation involves naked or explicit images of children, staff should not save, copy, forward or otherwise deal with the content, as per the [temporary removal of student property by school staff procedure](#). This includes onto OneSchool records. Refer to the investigative process outlined in 'Responding to incidents involving naked or explicit images of children' from the [Online incident management guidelines](#).

Report

Refer to the [Online incident management guidelines](#) for more details, or if assistance is required, contact the Cybersecurity and Reputation Management (CSRM) team on 3034 5035 or Cybersafety.ReputationManagement@qed.qld.gov.au.

Does the online behaviour/incident negatively impact the good order and management of the school?

Appropriate use of social media

The internet, mobile phones and social media provide wonderful opportunities for students to network and socialise online. While these technologies provide positive platforms for sharing ideas, they also have the potential to cause pain and suffering to individuals, groups or even whole communities.

It's important to remember that sometimes negative comments posted about the school community have a greater impact than expected. This guide offers some information about how to use social media in relation to comments or posts about the school community. Reputations of students, teachers, schools, principals and even parents can be permanently damaged — and in some cases, serious instances of inappropriate online behaviour are dealt with by police and the court system.

Being aware of a few simple strategies can help keep the use of social media positive and constructive:

- Before you post something online, ask yourself if the community or individual really need to know. Is it relevant, positive and helpful?
- Remember that what you post online is a direct reflection of who you are. People will potentially form lasting opinions of you based on what you post online.
- Be a good role model. If things get heated online consider logging out and taking a few moments to relax and think. Hasty, emotive responses could inflame situations unnecessarily.
- Be mindful when commenting, try to keep general and avoid posting anything that could identify individuals.
- A few years ago parents may have discussed concerns or issues with their friends at the school gate. Today with the use of social media, online discussions between you and your close friends can very quickly be shared with a much wider audience, potentially far larger than intended.
- Taking a few moments to think about the content you are about to post could save upset, embarrassment, and possible legal action.
- As a parent you have a role in supervising and regulating your child's online activities at home and its impact on the reputation and privacy of others. Parents are their child's first teachers — so they will learn online behaviours from you.

Is it appropriate to comment or post about schools, staff or students?

Parental and community feedback is important for schools and the department. If you have a compliment, complaint or enquiry about an issue at school, the best approach is to speak directly to the school about the matter, rather than discussing it in a public forum.

While many schools use social media to update parents of school notices, the department prefers that parents contact schools directly with a compliment, complaint or enquiry due to privacy considerations. Imagine if your doctor, accountant or banking institution tried to contact you to discuss important matters via Facebook.

If you have raised an issue with a school or know that another person has, consider refraining from discussing those details on social media, particularly the names of anyone involved.

Restrictive Practices

School staff at Coorparoo Secondary College need to respond to student behaviour that presents a risk of physical harm to the student themselves or others. It is anticipated that most instances of risky behaviour can be de-escalated and resolved quickly. On some rarer occasions, a student's behaviour may continue to escalate and staff need to engage immediately with positive and proactive strategies aimed at supporting the student to manage their emotional arousal and behaviour.

In some very rare situations, where there is immediate risk of physical harm to the student or other people, and when all other alternative strategies have failed to reduce the risk, it may be necessary for staff to use restrictive practices.

The use of restrictive practices will always be as a last resort, when there is no other available option for reducing immediate risk to the student, staff or other people. Restrictive practices are not used for punishment or as a disciplinary measure.

The department's **Restrictive practices procedure** is written with consideration for the protection of everyone's human rights, health, safety and welfare. There are six fundamental principles:

1. Regard to the human rights of those students
2. Safeguards students, staff and others from harm
3. Ensures transparency and accountability
4. Places importance on communication and consultation with parents and carers
5. Maximises the opportunity for positive outcomes, and
6. Aims to reduce or eliminate the use of restrictive practices.

Very rarely restrictive practices will be planned and staff will employ, when necessary, pre-arranged strategies and methods (of physical restraint/ mechanical restraint/ clinical holding) which are based upon behaviour risk assessment or clinical health need and are recorded in advance. The use of planned strategies will only be where there is foreseeable immediate risk consistent with the **Restrictive practices procedure**.

Seclusion will not be used as a planned response and will only be used in serious circumstances for managing an unforeseeable situation in an emergency. It will be used for the shortest time possible and in a safe area that presents no additional foreseeable risk to the student. In such emergencies, a staff member will observe the student at all times and seclusion will cease as soon as possible.

Following the use of any restrictive practice, a focused review will help staff to understand how they responded to the risk in any incident that involved the use of a restrictive practice. Staff will consider whether there are other options for managing a similar situation in the future. This strategy works well for reducing the use of restrictive practices.

All incidents of restrictive practices will be recorded and reported in line with departmental procedures.

Related Procedures and Guidelines

These are related procedures or guidelines which school staff use to inform decisions and actions around matters associated with students wellbeing, behaviour and learning.

- Cancellation of enrolment
- Complex case management
- Customer complaints management policy and procedure
- Disclosing personal information to law enforcement agencies
- Enrolment in state primary, secondary and special schools
- Hostile people on school premises, wilful disturbance and trespass
- Inclusive education
- Police and Child Safety Officer interviews and searches with students
- Restrictive practices
- Refusal to enrol – Risk to safety or wellbeing
- Student discipline
- Student dress code
- Student protection
- Supporting students' mental health and wellbeing
- Temporary removal of student property by school staff
- Use of ICT systems
- Using mobile devices

Conclusion

Coorparoo Secondary College staff are committed to ensuring every student is supported to feel safe, welcome and valued in our school. There may, however, be occasions where parents need to raise a concern or make a complaint about an issue you feel is adversely affecting their child's education.

All Queensland state schools are committed to ensuring that all complaints - whether they relate to a school staff member or a school's operations - are dealt with in a fair and equitable manner. As a parent or carer, you can express dissatisfaction with the service or action of the Department of Education or its staff, including decisions made or actions taken in a school and/or by the local regional office.

As a complainant, it is your responsibility to:

- give us a clear idea of the issue or concern and your desired solution
- provide all the relevant information when making the complaint
- understand that addressing a complaint can take time
- cooperate respectfully and understand that unreasonable, abusive, or disrespectful conduct will not be tolerated
- let us know if something changes, including if help is no longer needed.

The Department of Education may not proceed with your complaint if your conduct is unreasonable.

In most instances, staff members are told of complaints made about them and offered the right of reply. A complainant also has the right to have a support person throughout the process.

The following three-step approach assists parents and school staff in reaching an outcome that is in the best interests of the student:

1. **Early resolution:** discuss your complaint with the school
The best place to raise any concerns is at the point where the problem or issue arose. You can make an appointment at the school to discuss your complaint with your child's teacher or the principal. You are also welcome to lodge your complaint in writing or over the phone. You can also make a complaint through [QGov](#).

Complaints may be lodged by telephone, writing or in electronic format. Email addresses can be accessed through the [schools directory](#).

2. **Internal review:** contact the local [Regional Office](#)
If, after taking the early resolution step, you are dissatisfied with the outcome of your complaint or how the complaint was handled, you can ask the local [regional office](#) to conduct a review. You need to submit a [Request for internal review form](#) within 28 days of receiving the complaint outcome.

Coorparoo Secondary College Mobile Phone/Personal Device Policy for Students

Effective from the 7th of February 2022

The following rules and conditions apply with respect to the use of mobile phones and personal devices at CSC:

- **I am safe, I am respectful and I am responsible** are paramount at all times when using any personal electronic device.
- Under this policy, mobile phones, personal laptops or College issued laptops are considered to be a personal electronic device if they are being used for non-teacher directed learning or classwork.
- Mobile telephones and other electronic devices must be switched off when entering the College grounds. Mobile phones/headphones/ear buds are not to be visible at any time. The device will remain off, including break times unless directed by the teacher or staff member to turn the device on or until the end of the day at 2:50pm.
- If these devices make sounds during a lesson, are used without permission, are visible, or cause any distraction or disruption to the lesson by any other use, teachers/staff members are instructed to direct the student to Student Services to hand in their device. Alternatively when possible/convenient the phone will be submitted to the office by the staff member.
- Refusal to attend Student Services or hand over the phone/device will result in a consequence for wilful disobedience/non-compliance.
- It is advisable to protect phones and other electronic devices with security codes, clear markings and to keep them in a safe place while at the college.
- Mobile phones and other electronic devices are brought to the college entirely at the owner's risk.
- The College cannot accept any responsibility for theft, loss, damage or health effects resulting from the use of any mobile phones or other electronic devices. Parents and students are reminded that these devices are personal property and are not insured by the college or Education Queensland.
- Students should not allow other students to access their phone or device, as use of a phone remains the owner's responsibility.
- Mobile phones and other electronic devices are to be switched off in toilets or change rooms.
- Serious action will be taken against any students who take photographs, or record other individuals without consent.
- Mobile phones or other electronic devices are not to be used to send menacing, harassing or offensive text, or other type of messages, or inappropriate images to other individuals.
- Action will be taken against students who use their mobile phone as a means to harass other students.
- Mobiles and other electronic devices confiscated at Student Services will be documented and placed in a secure location until collection occurs, as outlined in the table below.
- Earphones are not to be worn or to be visible at any time once you have entered the College grounds or in class, unless the activity is requested by the class teacher.
- In the case of emergency, if a parent needs to contact their child during College class time this must be done through the college office.

INCORRECT USE OF MOBILE PHONE OR OTHER DEVICE		POSSIBLE CONSEQUENCE	STAFF MEMBER ACTION	STUDENT ACTION

- insult, harass or attack others or use obscene or abusive language
- deliberately waste printing and internet resources
- damage computers, printers or network equipment
- commit plagiarism or violate copyright laws
- ignore teacher directions for the use of social media, online email and internet chat
- send chain letters or spam email (junk mail)
- knowingly download viruses or any other programs capable of breaching the department's network security
- use in-phone cameras anywhere a normal camera would be considered inappropriate, such as in change rooms or toilets
- invade someone's privacy by recording personal conversations or daily activities and/or the further distribution (e.g. forwarding, texting, uploading, Bluetooth use etc.) of such material
- use a mobile phone (including those with Bluetooth functionality) to cheat during exams or assessments
- take into or use mobile devices at exams or during class assessment unless expressly permitted by school staff.

At all times students, while using ICT facilities and devices supplied by the school, will be required to act in line with the requirements of the Coorparoo Secondary College Student Code of Conduct. In addition, students and their parents should:

- understand the responsibility and behaviour requirements (as outlined by the College) that come with accessing the department's ICT network facilities
- ensure they have the skills to report and discontinue access to harmful information if presented via the internet or email
- be aware that:
 - access to ICT facilities and devices provides valuable learning experiences for students and supports the school's teaching and learning programs
 - the school is not responsible for safeguarding information stored by students on departmentally-owned student computers or mobile devices
 - schools may remotely access departmentally-owned student computers or mobile devices for management purposes
 - students who use a school's ICT facilities and devices in a manner that is not appropriate may be subject to disciplinary action by the school, which could include restricting network access
 - despite internal departmental controls to manage content on the internet, illegal, dangerous or offensive information may be accessed or accidentally displayed
 - teachers will always exercise their duty of care, but avoiding or reducing access to harmful information also requires responsible use by the student.
